## Load restriction on ND Highway 23 from Parshall to US Highway 83 to change

Effective immediately, the load restriction on ND Highway 23 from Parshall to the junction of US Highway 83 will change from a 7 ton restriction to an 8 ton restriction.

All other previously implemented restrictions will remain in effect.

Traditionally, seasonal load restrictions are first implemented in the southwestern portion of the state and continue north and east as the spring season progresses. Restrictions are lifted when roadbeds have stabilized enough to carry normal traffic. Seasonal load restriction information is available by dialing 511 or by going to <http://www.dot.nd.gov/roadreport/loadlimit/loadlimitinfo.asp> where you can subscribe to load restriction email updates. Load restriction information can also be found on the NDDOT Travel Information Map at [www.dot.nd.gov/travel-info](http://www.dot.nd.gov/travel-info).
