## **Work complete on US Highway 2 through Williston**

Construction work is now complete on US Highway 2 through Williston and traffic has returned to normal on that portion of highway through town. During the construction, traffic was reduced to one lane in each direction on US Hwy 2 for placement of concrete at the intersections of 9<sup>th</sup>, 18<sup>th</sup>, 26<sup>th</sup>, and 42<sup>nd</sup> to enhance the system for increased traffic needs.

A number of projects are still taking place in the Williston area, NDDOT appreciates motorists' patience, once the projects are completed; there will be an enhanced road system, built to handle the growing transportation needs in this area.

The North Dakota Department of Transportation (NDDOT) asks motorists to plan ahead, allow for additional traveling time, consider alternative routes and drive safely. For more information about construction projects and road conditions throughout North Dakota, visit the Travel Information Map on the NDDOT website at <http://www.dot.nd.gov/travel-info-v2/>.
