Construction begins on ND Highway 21 near Flasher

Initial construction work has begun on ND Highway 21, near Flasher. Current work taking place consists of extending a box culvert with speeds reduced in the area. Additional work consisting of widening and paving the roadway along with bridge deck overlays will take place this spring and summer.

During construction:

- Speeds will be reduced through work area
- Flaggers may be present
- Pilot cars will be present when required
- Motorists may experience slight delays when waiting for pilot car

The project is expected to be complete this fall.
