

**FARGO-MOORHEAD
METROPOLITAN COUNCIL OF GOVERNMENTS**

REQUEST FOR PROPOSALS (RFP)

PROJECT NO. 2027-239

2055 Streets and Highways Modal Plan

September, 2026

APPROVED:

Ben Griffith
Metro COG, Executive Director

REQUEST FOR PROPOSALS (RFP)

The Fargo-Moorhead Metropolitan Council of Governments (Metro COG) requests proposals from qualified consultants for the following project:

2055 Streets and Highways Modal Plan

Qualifications based selection criteria will be used to analyze proposals from responding consultants. The most qualified candidates may be invited to present an oral interview. Upon completion of technical ranking and oral interviews, Metro COG will enter into negotiations with the top ranked firm. **Sealed cost proposals shall be submitted with the RFP.** The cost proposal of the top ranked firm will be opened during contract negotiations. Those firms not selected for direct negotiations will have their unopened cost proposals returned. Metro COG reserves the right to reject any or all submittals. This project will be funded, in part with federal transportation funds and has a not-to-exceed budget of **\$175,000** (\$100,000 in 2027 and \$75,000 in 2028).

Interested firms can request a copy of the RFP by telephoning 701.532.5100, or by e-mail: metrococ@fmmetrococ.org. Copies will be posted on the North Dakota Department of Transportation QBS website (<https://www.dot.nd.gov>) and are also available for download in .pdf format at www.fmmetrococ.org.

All applicants must be prequalified with the North Dakota Department of Transportation (NDDOT). If not prequalified with the NDDOT, applicants will be required to submit a completed Standard Form 330 with their submittal of information.

All proposals received by **4:30 p.m. (Central Time) on Monday, October 12, 2026** at the Metro COG office will be given equal consideration. Respondents must submit five (5) print copies of the proposal as well as a digital version. The full length of each proposal shall not exceed fifteen (15) double sided pages for a total of thirty (30) pages; including any supporting material, charts, or tables.

Hard copies of technical and/or cost proposals shall be shipped to ensure timely delivery to the contact defined below:

Michael Maddox, AICP
Fargo-Moorhead Metropolitan Council of Governments
Case Plaza, Suite 232
One 2nd Street North
Fargo, ND 58102
maddox@fmmetrococ.org
701-532-5104

Fax versions will not be accepted as substitutes for the cost proposal hard copy. Once submitted, the proposals will become property of Metro COG.

Note: The document can be made available in alternative formats for persons with disabilities by contacting the contact above.

2055 Streets and Highway Modal Plan

Note: Throughout this RFP, Metro COG may be referred to as 'Client' and the consulting firm may be referred to as 'Consultant', 'Contractor', or 'Firm'.

I AGENCY OVERVIEW

The Fargo-Moorhead Metropolitan Council of Governments (Metro COG) serves as the Council of Governments (COG) and Metropolitan Planning Organization (MPO) for the greater Fargo, North Dakota – Moorhead, Minnesota metropolitan area. As the designated MPO for the Fargo-Moorhead Metropolitan Area, Metro COG is responsible under federal law for maintaining a continuous, comprehensive, and coordinated transportation planning process.

Metro COG is responsible, in cooperation with the North Dakota and Minnesota Departments of Transportation (NDDOT and MnDOT, respectively) and our local planning partners, for carrying out the metropolitan transportation planning process and other planning issues of a regional nature. Metro COG represents twelve cities and two counties that comprise the Metro COG region in these efforts.

II PROJECT BACKGROUND AND OBJECTIVE

A Metropolitan Transportation Plan (MTP) shall include the development of transportation projects addressing no less than a 20-year planning horizon. It shall include both long-range and short-range strategies/actions that provide for the development of an integrated multimodal transportation system, assessment of capital investment and other strategies to preserve the existing and projected future metropolitan transportation infrastructure, and contain design concept and design scope descriptions of all existing and proposed transportation facilities in sufficient detail (regardless of funding source). 23 CFR 450.324

Metro COG has implemented a “Modal” framework by which it will develop separate plans for each transportation mode detailing needs within that area. These plans will then be utilized to develop a prioritized, fiscally-constrained project list within the MTP when they are developed. This effort is designed to develop all roadway needs so that they can be evaluated, prioritized and constrained as part of the MTP effort. Separating each mode into distinct plans also allows Metro COG to better focus on developing projects and aligning those projects with the goals and objectives that will be developed, as well as integrate a performance-based planning and programming methodology whereby projects are developed in sufficient detail so that outcomes can be forecasted if individual projects are implemented.

2055 Streets and Highway Modal Plan

Metro COG is seeking consultant services to develop the 2055 Streets and Highways Modal Plan, which will provide an outlook of auto-oriented transportation needs within the 2055 MTP planning horizon. This plan will focus solely on the single mode, whereas the MTP update effort, to be conducted at a later time, will integrate all modes and translate that into a multimodal approach.

III SCOPE OF WORK AND PERFORMANCE TASKS

Outlined below is the scope of work that will guide development of the 2055 Streets and Highways Modal Plan. Metro COG has included the following scope of work to provide interested Consultants insight into project intent, context, coordination, responsibilities, and other elements to help facilitate proposal development.

At minimum, the Consultant is expected to complete the following tasks as part of this project:

Task 1 – Project Management

This task involves activities required to manage the project including staff, equipment and documentation. It also includes the preparation of monthly progress reports, documenting travel and expense receipts, and preparing and submitting invoices for reimbursement. In addition, this task includes progress meetings with Metro COG. It should be assumed that progress meetings will occur at least monthly, but preferably bi-weekly.

The Consultant will assign a single person to serve, through the life of the contract, as Consultant Project Manager ("PM"). The PM must be the person identified in the selected firm's proposal and may not be changed without prior written approval of Metro COG. The PM is responsible for overall project management necessary to ensure the satisfactory completion of the 2055 MTP Streets and Highways Modal Plan, on-time and on-budget, in accordance with the scope of services. The PM will serve as the single point of contact and will be expected to ensure the consultant team is properly managed, adequate resources are available, submittals are timely, quality control processes are utilized for maximum benefit, and invoices are paid in a timely fashion.

The PM will submit monthly invoices with documentation acceptable to Metro COG within 30 business days following the end of each month throughout the life of the contract. Invoices must include a monthly progress report, a breakout of activities by task, employee hours for those tasks, and any supportive documentation for expenses. Metro COG reviews and processes all invoices for payment that are received prior to its Policy Board meeting (3rd Thursday of each month). Any invoice received after the second Wednesday of the month will not be processed until the next Policy Board meeting of the following month.

Task 2 – Public Participation

This plan will likely be technical in nature, but as it plays an important role in setting transportation improvement priorities in the Metro COG region for a twenty-year planning horizon and is a component of the MTP, there should be a level of public interaction commensurate with the importance of the plan. The public engagement strategy for developing this approach should meet the minimum standards as listed in Metro COG's Public Participation Plan (PPP). Metro COG is in the process of updating its PPP. The consultant will be responsible for maintaining compliance with the active PPP during the project, and then transition to the updated PPP once it is adopted.

Stakeholder Engagement: This study will require extensive coordination with the engineering departments of member jurisdictions within Metro COG's Adjusted Urbanized Area (AUZA), as well as MnDOT and NDDOT. This coordination will need to be conducted in order to accomplish Task 3. Multiple rounds of meetings between consultant staff and the agencies should be planned. The consultant should propose how it will accomplish the coordination with member jurisdictions, to include: the number of rounds of coordination meetings, the timing of the rounds, the purpose of each interaction, method by which the engagement will occur, as well as any other relevant details about conducting the coordination.

Study Review Committee (SRC): A Study Review Committee will lead the development of the effort. The consultant should propose how the SRC will manage the course of the study, the number of meetings, and the purpose of each of the meetings. The consultant and Metro COG staff will ultimately determine the composition of the SRC. The consultant should explain this approach within its proposal.

Public Engagement: The consultant should develop an approach within the proposal that it feels is right sized and tailored for this effort, noting the importance the plan plays in determining infrastructure projects in our region for the next 20 years. The consultant will need to thoroughly explain and justify its approach. This should include the type of outreach it feels is necessary, the type of feedback it feels needs to be solicited, the timing of outreach efforts, and how public engagement efforts will be utilized to develop the plan.

Approval Process: The consultant will be required to give a presentation to Metro COG's TTC and Policy Board for the approval of the plan. It will also need to conduct a public engagement campaign in order to introduce the plan to the public. This effort should include press releases, virtual engagement methods, and an in-person public meeting. The consultant will be required to make presentations to member agencies to gain approval of the final plan before

approval by Metro COG. The consultant should include these approaches within its proposal.

Task 3 – Literature Review

Metro COG regularly conducts corridor studies and subarea plans that inform the need for transportation improvements. Those plans can be for either short-term or long-term improvements. As part of the 2055 Streets and Highways Modal Plan, the consultant should review state, regional, and local planning efforts for transportation improvement projects. The inclusion of these past efforts can ensure that the project development pipeline is upheld, and projects move forward between MTP cycles.

Task 4 – Project Development

The goal of this effort is to identify roadway infrastructures needs within the AUZA, with the focus on those projects that could receive. The base year of the plan will be 2034 with a planning horizon of 2055. The list of projects that will be developed as part of the 2055 Streets and Highways Modal Plan will be incorporated by reference into the 2055 MTP and serve as the list of regional vehicular transportation needs. However, this plan should gather all needs, not just those within fiscal constraint.

The plan shall be constructed to support a performance-based approach to transportation decision-making and support the national goals described in [23 U.S.C. 150\(b\)](#) and the general purposes described in [49 U.S.C. 5301\(c\)](#). The consultant shall develop this plan in accordance with standards listed in 23 CFR 450.324 (f) (but not limited to, but rather all sections that apply to the development of MTP projects). Information developed as part of this planning effort should be in support of the development of Metropolitan Transportation Plans (MTP) as listed in the aforementioned CFR citation.

Metro COG would like to develop projects that is can be readily implemented with not only its directly suballocated TMA funds but other federal funding sources as well. The list should take into consideration that projects are often eligible for multiple funding sources based upon the improvement activities.

Project List: The consultant will be required to develop a list of street and highway infrastructure projects for the 2055 planning horizon. Metro COG is interested in cross-categorizing projects so that it can more easily assess the impact a project

2055 Streets and Highway Modal Plan

will have on the region's transportation network in accordance with a performance-based planning and programming approach.

Therefore, a description of activities that will occur and need for the project must be thoroughly developed and classified. The consultant can reference Metro COG's Transportation Improvement Program (TIP) for ways it currently classifies projects. However, Metro COG is open to changing its classification methodology. The consultant should propose how it feels projects can be developed in order to give a clear understanding of the project's purpose and impact on the transportation network to assist in determining yearly project needs, identifying proper funding sources for each project, how the use of federal funding can accomplish agency and regional goals, and ultimately selecting those projects for implementation.

The consultant will also be required to identify the timeframe in which the infrastructure improvements will be necessary. Inflated cost estimates will be required to be developed as part of project development. The consultant should prepare a methodology within its proposal that would address how it seeks to accomplish these tasks.

Project Analysis and Classification: The consultant will be required to conduct an analysis of the project list to classify and summarize the infrastructure needs in the region. The classification system developed for the infrastructure projects detailed in the project list should allow the consultant to analyze the transportation needs within the region, categorize those projects, summarize costs, and project the impacts of delivering those projects.

Task 5 – Final Document

The culmination of this planning effort should be a final plan that lists transportation improvement needs for the 2055 planning horizon. The document should be rich in graphic elements and of a design so that it is easily digestible and organized in a manner so that information is easily accessible.

The consultant will be required to make at least one (1) printed copy available to each of the participating agencies upon their request. The consultant should develop a mechanism for digital display on Metro COG's website, which must meet the requirements of the Web Content Accessibility Guidelines (WCAG) version 2.1, level AA.

IV Task 7 - IMPLEMENTATION SCHEDULE

1) Consultant Selection

Advertise for Consultant Proposals	approximately 9/21/2026
Due Date for Proposal Submittals (by 4:30pm)	10/12/2026
Review Proposals/Identify Finalists	(week of) 10/19/2026
Interview Finalists	between 10/26/2026 – 11/5/2026
Metro COG Board Approval/Consultant Notice	11/19/2026

***Notice to Proceed shall not be issued until the consultant has provided all materials required for contracting, including, but not limited to, the Proposed Sub-Consultant Request form (SFN 60232 (9-2016) and Prime Consultant Request to Sublet form (SFN 60233 (9-2019) form, if applicable, and the Qualifications Based Selection documentation has been fully compiled by Metro COG and submitted to and approved by the North Dakota Department of Transportation.**

2) Project Schedule

The 2055 Streets and Highways Modal Plan is listed with in Metro COG's UPWP as occurring in 2027 and 2028. Metro COG has allocated \$100,000 for work in 2027, and \$75,000 for work in 2028. CPG funds can no longer be carried over from year-to-year and therefore 100 percent of funding allocated within that calendar year must be utilized in that calendar year. Any unspent funds will be subtracted from the project budget.

It is critical that the development of the 2055 Streets and Highways Modal Plan be completed before the development of the MTP is substantially stated in 2028. Thus, the project must be concluded before the end of the second quarter of 2028 in order that the information can be used for the development of the MTP without risking its federally mandated adoption deadline.

V EVALUATION AND SELECTION PROCESS.

Selection Committee. The Client will establish a multijurisdictional selection committee to select a Consultant. The committee will potentially consist of Metro COG staff, local jurisdictions, and state Department(s) of Transportation.

The Consultant selection process will be administered under the following criteria:

- 20% - Understanding of study objectives and local/regional issues
- 20% - Proposed approach, work plan, and management techniques
- 20% - Experience with similar projects
- 20% - Expertise of the technical and professional staff assigned to the project
- 20% - Current workload, past performance, and ability to meet deadlines

The Selection Committee, at the discretion of the Client and under the guidance of NDDOT policy, will entertain formal oral presentations for the top candidates to provide additional information for the evaluation process. The oral presentations will be followed by a question and answer period during which the committee may question the prospective Consultants about their proposed approaches.

A Consultant will be selected on November 19, 2026 based on an evaluation of the proposals submitted, the recommendation of the Selection Committee and approval by the Metro COG Policy Board.

The Client reserves the right to reject any or all proposals or to waive minor irregularities in said proposal, and reserves the right to negotiate minor deviations to the proposal with the successful Consultant. The Client reserves the right to award a contract to the firm or individual that presents the proposal, which, in the sole judgement of the Client, best accomplishes the desired results.

The RFP does not commit the Client to award a contract, to pay any costs incurred in the preparation of the contract in response to this request or to procure or contract for services or supplies. The Client reserves the right to withdraw this RFP at any time without prior notice.

All proposals, whether selected or rejected, shall become the property of the Client.

VI PROPOSAL CONTENT

The purpose of the proposal is to demonstrate the qualifications, competence, and capacity of the Consultant seeking to provide comprehensive services specified herein for the Client, in conformity with the requirements of the RFP.

The proposal should demonstrate qualifications of the firm and its staff to undertake this project. It should also specify the proposed approach that best

meets the RFP requirements. The proposal must address each of the service specifications under the Scope of Work and Performance Tasks.

The Client is asking the Consultant to supply the following information. Please include all requested information in the proposal to the fullest extent practicable.

- 1) **Contact Information.** Name, telephone number, email address, mailing address and other contact information for the Consultant's Project Manager.
- 2) **Introduction and Executive Summary.** This section shall document the Consultant name, business address (including telephone, email address(es), year established, type of ownership and parent company (if any), project manager name and qualifications, and any major facts, features, recommendations or conclusions that may differentiate this proposal from others, if any.
- 3) **Work Plan and Project Methodology.** Proposals shall include the following, at minimum:
 - a) A detailed work plan identifying the major tasks to be accomplished relative to the requested study tasks and expected product as outlined in this RFP;
 - b) A timeline for completion of the requested services, including all public participation opportunities and stakeholder meetings, identifying milestones for development of the project and completion of individual tasks.
 - c) List of projects with similar size, scope, type, and complexity that the proposed project team has successfully completed in the past.
 - d) List of the proposed principal(s) who will be responsible for the work, proposed Project Manager and project team members (with resumes).
 - e) A breakout of hours for each member of the team by major task area, and an overall indication of the level of effort (percentage of overall project team hours) allocated to each task. Note that specific budget information is to be submitted in a sealed cost proposal as described below in Section VIII. General Proposal Requirements.
 - f) A list of any subcontracted firms, the tasks they will be assigned, the percent of work to be performed, and the staff that will be assigned.

2055 Streets and Highway Modal Plan

- g) List of client references for similar projects described within the RFP.
 - h) Ability of firm to meet required time schedules based on current and known future workload of the staff assigned to the project.
- 4) **Signature.** Proposals shall be signed by an authorized member of the firm/project team.
- 5) **Attachments.** Review, complete, and submit the completed versions of the following RFP Attachments with the proposal:

Exhibit A - Cost Proposal Form (as identified in VIII 1)

Exhibit B – Federal Clauses

VII Submittal Information

Proposals containing the sealed cost proposals shall be submitted along with all hard copies and a digital copy. The proposal materials may either be hand delivered or shipped to ensure timely delivery to the project manager as defined below:

Michael Maddox
Transportation Planner
Fargo-Moorhead Metropolitan Council of Governments
Case Plaza, Suite 232
One 2nd Street North
Fargo, ND 58102-4807
Maddox@fmmetrocog.org

All proposals received by 4:30 p.m. on Monday, October 12, 2026 at Metro COG's office will be given equal consideration. Respondents must submit five (5) hard copies as well as one digital PDF copy of the proposal. The full length of each proposal should not exceed thirty (30) pages; including any supporting material, charts, or tables.

The consultant may ask for clarifications of the content within the RFP by contacting the Metro COG project manager identified above. The project manager will attempt to answer reasonable questions regarding the project purpose and intent providing that they are submitted in a timely manner. If you wish to meet with the Metro COG regarding the RFP, please work with the project manager to schedule a time.

VIII GENERAL RFP REQUIREMENTS.

1) Sealed Cost Proposal. All proposals must be clearly identified and marked with the appropriate project name; inclusive of a separately sealed cost proposal per the requirements of this RFP. Cost proposals shall be based on an hourly “not to exceed” amount and shall follow the general format as provided within Exhibit A of this RFP. Metro COG may decide, in its sole discretion, to negotiate a price for the project after the selection committee completes its final ranking. Negotiation will begin with the Consultant identified as the most qualified per requirements of this RFP, as determined in the evaluation/selection process. If Metro COG is unable to negotiate a contract for services negotiations will be terminated and negotiations will begin with the next most qualified Consultant. This process will continue until a satisfactory contract has been negotiated. The sealed cost proposal is required to include the following documentation:

- a. Documentation from the ND Secretary of State detailing the prime consultant is in good standing and is licensed to do business in the State of North Dakota**
- b. Documentation that the prime consultant is registered with the ND Board of Registration**
- c. Documentation showing registration with the federal System for Award Management (SAM.gov) that the prime consultant has not been suspended, debarred, voluntarily excluded, or deterred ineligible**

2) Consultant Annual Audit Information for Indirect Cost. Consulting firms proposing to do work for Metro COG must have a current audit rate no older than 15 months from the close of the firms Fiscal Year. Documentation of this audit rate must be provided with the sealed cost proposal. Firms that do not meet this requirement will not qualify to propose or contract for Metro COG projects until the requirement is met. Firms that have submitted all the necessary information to Metro COG and are waiting for the completion of the audit will be qualified to submit proposals for work. Information submitted by a firm that is incomplete will not qualify. Firms that do not have a current cognizant Federal Acquisition Regulations (FARs) audit of indirect cost rates must provide this audit prior to the interview. **This documentation should be attached with the sealed cost proposal. The submitted Indirect Rate MUST match the Indirect Rate on all invoicing.**

3) Debarment of Suspension Certification and Certification of Restriction on Lobbying. See Exhibit B, Federal Clauses regarding Debarment of

Suspension and Restriction on Lobbying.

- 4) **Respondent Qualifications.** Respondents must submit evidence that they have relevant past experience and have previously delivered services similar to the requested services within this RFP. Each respondent may also be required to show that similar work has been performed in a satisfactory manner and that no claims of any kind are pending against such work. No proposal will be accepted from a respondent whom is engaged in any work that would impair his or her ability to perform or finance this work.
- 5) **North Dakota Department of Transportation Consultant Administration Services Procedure Manual.** Applicants to this Request for Proposal are **required** to follow procedures contained in the *NDDOT Consultant Administration Services Procedure Manual*, which includes prequalification of Consultants. This Manual may be found on the NDDOT website at <https://www.dot.nd.gov/sites/www/files/documents/construction-and-planning/Consultant-Admin-Services-Procedures.pdf>.

IX CONTRACTUAL INFORMATION.

- 1) The Client reserves the right to reject any or all proposals or to award the contract to the next most qualified firm if the successful firm does not execute a contract within forty-five (45) days after the award of the proposal. The Client will not pay for any information contained in proposals obtained from participating firms.
- 2) The Client reserves the right to request clarification on any information submitted and additionally reserves the right to request additional information of one (1) or more applicants.
- 3) Any proposal may be withdrawn up until the proposal submission deadline. Any proposals not withdrawn shall constitute an irrevocable offer for services set forth within the RFP for a period of ninety (90) days or until one or more of the proposals have been approved by the Metro COG Policy Board.
- 4) If, through any cause, the Consultant shall fail to fulfill in a timely and proper manner the obligations agreed to, the Client shall have the right to terminate its contract by specifying the date of termination in a written notice to the firm at least ninety (90) working days before the termination date. In this event, the firm shall be entitled to just and equitable compensation for any satisfactory work completed.
- 5) Any agreement or contract resulting from the acceptance of a proposal

2055 Streets and Highway Modal Plan

shall be on forms either supplied by or approved by the Client and shall contain, as a minimum, applicable provisions of the Request for Proposals. The Client reserves the right to reject any agreement that does not conform to the Request for Proposal and any Metro COG requirements for agreements and contracts.

- 6) The Consultant shall not assign any interest in the contract and shall not transfer any interest in the same without prior written consent of Metro COG.
- 7) **The Consultant agrees to not start any work on the project until the Qualifications Based Selection requirements have been satisfied and approved by the NDDOT, and Metro COG has provided the consultant with a notice to proceed.**

X PAYMENTS

The selected Consultant will submit invoices for work completed to the Client. Payments shall be made to the Consultant by the Client in accordance with the contract after all required services, and items identified in the scope of work and performance tasks, have been completed to the satisfaction of the Client.

XI FEDERAL AND STATE FUNDS

The services requested within this RFP will be partially funded with funds from the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA). As such, the services requested by this RFP will be subject to federal and state requirements and regulations.

The services performed under any resulting agreement shall comply with all applicable federal, state, and local laws and regulations. In addition, this contract will be subject to the relevant requirements of 2 CFR 200.

XII TITLE VI ASSURANCES

Prospective Consultants should be aware of the following contractual ("Contractor") requirements regarding compliance with Title VI should they be selected pursuant to this RFP:

- 1) **Compliance with Regulations.** The Consultant shall comply with the regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the Regulations).

2055 Streets and Highway Modal Plan

- 2) **Nondiscrimination.** The Consultant, with regard to the work performed by it, shall not discriminate on the grounds of race, color, national origin, sex, age, disability/handicap, or income status**, in the selection and retention of Subconsultants, including procurements of materials and leases of equipment. The Consultant shall not participate, either directly or indirectly, in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- 3) **Solicitations for Subcontracts, Including Procurements of Materials and Equipment.** In all solicitations, either by competitive bidding or negotiation, made by the Consultant for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential Subconsultant or supplier shall be notified by the Consultant of the Consultant's obligations to Metro COG and the Regulations relative to nondiscrimination on the grounds of race, color, national origin, sex, age, disability/handicap, or income status**.
- 4) **Information and Reports.** The Consultant shall provide all information and reports required by the Regulations, or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by Metro COG or the North Dakota Department of Transportation to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a Consultant is in the exclusive possession of another who fails or refuses to furnish this information, the Consultant shall so certify to Metro COG, or the North Dakota Department of Transportation, as appropriate, and shall set forth what efforts it has made to obtain the information.
- 5) **Sanctions for Noncompliance.** In the event of the Consultant's noncompliance with the nondiscrimination provisions as outlined herein, the Client and the North Dakota Department of Transportation shall impose such sanctions as it or the Federal Highway Administration / Federal Transit Administration may determine to be appropriate, including but not limited to:
 - a. Withholding of payments to the Consultant under the contract until the Consultant complies; or
 - b. Cancellation, termination, or suspension of the contract, in whole or in part.
- 6) **Incorporation of Title VI Provisions.** The Consultant shall include the

2055 Streets and Highway Modal Plan

provisions of Section XII, paragraphs 1 through 5 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto.

The Consultant shall take such action with respect to any subcontract or procurement as Metro COG or the U.S. Department of Transportation, Federal Highway Administration, may direct as a means of enforcing such provisions, including sanctions for noncompliance provided, however, that in the event a Consultant becomes involved in, or is threatened with, litigation by a Subconsultant or supplier as a result of such direction, the Consultant may request Metro COG enter into such litigation to protect the interests of Metro COG; and, in addition, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.

** The Act governs race, color, and national origin. Related Nondiscrimination Authorities govern sex, 23 U.S.C. 324; age, 42 U.S.C. 6101; disability/handicap, 29 U.S.C. 790; and low income, E.O. 12898.

XIII TERMINATION PROVISIONS

The Client reserves the right to cancel any contract for cause upon written notice to the Consultant. Cause for cancellation will be documented failure(s) of the Consultant to provide services in the quantity or quality required. Notice of such cancellation will be given with sufficient time to allow for the orderly withdrawal of the Consultant without additional harm to the participants or the Client.

The Client may cancel or reduce the amount of service to be rendered if there is, in the opinion of the Client, a significant increase in local costs; or if there is insufficient state or federal funding available for the service, thereby terminating the contract or reducing the compensation to be paid under the contract. In such event, the Client will notify the Consultant in writing ninety (90) days in advance of the date such actions are to be implemented.

In the event of any termination, the Client shall pay the agreed rate only for services delivered up to the date of termination. The Client has no obligation to the Consultant, of any kind, after the date of termination. Consultant shall deliver all records, equipment and materials to the Client within 24 hours of the date of termination.

XIV LIMITATION ON CONSULTANT

All reports and pertinent data or materials are the sole property of the Client and its state and federal planning partners and may not be used, reproduced or released in any form without the explicit, written permission of the Client.

2055 Streets and Highway Modal Plan

The Consultant should expect to have access only to the public reports and public files of local governmental agencies and the Client in preparing the proposal or reports. No compilation, tabulation or analysis of data, definition of opinion, etc., should be anticipated by the Consultant from the agencies, unless volunteered by a responsible official in those agencies.

XV CONFLICT OF INTEREST

No Consultant, Subconsultant, or member of any firm proposed to be employed in the preparation of this proposal shall have a past, ongoing, or potential involvement which could be deemed a conflict of interest under North Dakota Century Code or other law. During the term of this Agreement, the Consultant shall not accept any employment or engage in any consulting work that would create a conflict of interest with the Client or in any way compromise the services to be performed under this agreement. The Consultant shall immediately notify the Client of any and all potential violations of this paragraph upon becoming aware of the potential violation.

XVI INSURANCE

The Consultant shall provide evidence of insurance as stated in the contract prior to execution of the contract.

XVII RISK MANAGEMENT

The Consultant agrees to defend, indemnify, and hold harmless the Client and the state of North Dakota, its agencies, officers and employees (State), from and against claims based on the vicarious liability of the Client and the State or its agents, but not against claims based on the Client's and the State's contributory negligence, comparative and/or contributory negligence or fault, sole negligence, or intentional misconduct. The legal defense provided by Consultant to the Client and the State under this provision must be free of any conflicts of interest, even if retention of separate legal counsel for the Client and the State is necessary. Consultant also agrees to defend, indemnify, and hold the Client and the State harmless for all costs, expenses and attorneys' fees incurred if the Client or the State prevails in an action against Consultant in establishing and litigating the indemnification coverage provided herein. This obligation shall continue after the termination of this Agreement.

The Consultant shall secure and keep in force during the term of this agreement, from insurance companies, government self-insurance pools or government self-retention funds authorized to do business in North Dakota, the following insurance coverage:

2055 Streets and Highway Modal Plan

1. Commercial general liability and automobile liability insurance - minimum limits of liability required are \$500,000 per person and \$2,000,000 per occurrence.
2. Workforce Safety insurance meeting all statutory limits.
3. The Client and the State of North Dakota, its agencies, officers, and employees (State) shall be endorsed as an additional insured on the commercial general liability and automobile liability policies.
4. Said endorsements shall contain a "Waiver of Subrogation" in favor of the Client and the state of North Dakota.
5. The policies and endorsements may not be canceled or modified without thirty (30) days prior written notice to the undersigned Client and the State Risk Management Department.

The Consultant shall furnish a certificate of insurance evidencing the requirements in 1, 3, and 4, above to the Client prior to commencement of this agreement.

The Client and the State reserve the right to obtain complete, certified copies of all required insurance documents, policies, or endorsements at any time. Any attorney who represents the State under this contract must first qualify as and be appointed by the North Dakota Attorney General as a Special Assistant Attorney General as required under N.D.C.C. Section 54-12-08.

When a portion of the work under the Agreement is sublet, the Consultant shall obtain insurance protection (as outlined above) to provide liability coverage to protect the Consultant, the Client and the State as a result of work undertaken by the Subconsultant. In addition, the Consultant shall ensure that any and all parties performing work under the Agreement are covered by public liability insurance as outlined above. All Subconsultants performing work under the Agreement are required to maintain the same scope of insurance required of the Consultant. The Consultant shall be held responsible for ensuring compliance with those requirements by all Subconsultants.

Consultant's insurance coverage shall be primary (i.e., pay first) as respects any insurance, self-insurance or self-retention maintained by the Client or State. Any insurance, self-insurance or self-retention maintained by the Client or the State shall be excess of the Consultant's insurance and shall not contribute with it. The insolvency or bankruptcy of the insured Consultant shall not release the insurer from payment under the policy, even when such insolvency or bankruptcy prevents the insured Consultant from meeting the retention limit under the policy. Any deductible amount or other obligations under the policy(ies) shall be the sole

2055 Streets and Highway Modal Plan

responsibility of the Consultant. This insurance may be in a policy or policies of insurance, primary and excess, including the so-called umbrella or catastrophe form and be placed with insurers rated "A-" or better by A.M. Best Company, Inc. The Client and the State will be indemnified, saved, and held harmless to the full extent of any coverage actually secured by the Consultant in excess of the minimum requirements set forth above.

Exhibit A – Cost Proposal Form

Cost Proposal Form – Include completed cost form (see below) in a separate sealed envelope – labeled “**Sealed Cost Form – Vendor Name**” and submit with concurrently with the technical proposal as part of the overall RFP response. The cost estimate should be based on a not to exceed basis and may be further negotiated by Metro COG upon identification of the most qualified Consultant. Changes in the final contract amount and contract extensions are not anticipated.

REQUIRED BUDGET FORMAT

Summary of Estimated Project Cost

1.	Direct Labor	Hours	x	Rate	=	Project Cost	Total
	Name, Title, Function	0.00	x	0.00	=	0.00	0.00
			x		=	0.00	0.00
			x		=	0.00	0.00
				Subtotal	=	0.00	0.00
2.	Overhead/Indirect Cost (expressed as indirect rate x direct labor)					0.00	0.00
3.	Subconsultant Costs					0.00	0.00
4.	Materials and Supplies Costs					0.00	0.00
5.	Travel Costs					0.00	0.00
6.	Fixed Fee					0.00	0.00
7.	Miscellaneous Costs					0.00	0.00
Total Cost					=	0.00	0.00

Exhibit B - Federal Clauses

Required Federal Contract Provisions

COMPLIANCE REVIEW NOTE:

The federal contract provisions contained in this document were reviewed for compliance with applicable regulations as of November 6, 2025. While every effort has been made to ensure alignment with current federal requirements, users are advised that regulatory changes may occur. This document reflects the standards in effect at the time of review and does not constitute a commitment to update contract provisions retroactively unless required by law or funding agency directive.

BUY AMERICA REQUIREMENTS

23 CFR 635.410

- (a) The provisions of this section shall prevail and be given precedence over any requirements of this subpart which are contrary to this section. However, nothing in this section shall be construed to be contrary to the requirements of § 635.409(a) of this subpart.
- (b) No Federal-aid highway construction project is to be authorized for advertisement or otherwise authorized to proceed unless at least one of the following requirements is met:
 - (1) The project either: (i) Includes no permanently incorporated steel or iron materials, or (ii) if steel or iron materials are to be used, all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes which protect or enhance the value of the material to which the coating is applied.
 - (2) The State has standard contract provisions that require the use of domestic materials and products, including steel and iron materials, to the same or greater extent as the provisions set forth in this section.
 - (3) The State elects to include alternate bid provisions for foreign and domestic steel and iron materials which comply with the following requirements. Any procedure for obtaining alternate bids based on furnishing foreign steel and iron materials which is acceptable to the Division Administrator may be used. The contract provisions must (i) require all bidders to submit a bid based on furnishing domestic steel and iron materials, and (ii) clearly state that the contract will be awarded to the bidder who submits the lowest total bid based on furnishing domestic steel and iron materials unless such total bid exceeds the lowest total bid based on furnishing foreign steel and iron materials by more than 25 percent.
 - (4) When steel and iron materials are used in a project, the requirements of this section do not prevent a minimal use of foreign steel and iron materials, if the cost of such materials used does not exceed one-tenth of one percent (0.1 percent) of the total contract cost or \$2,500, whichever is greater. For purposes of this paragraph, the cost is that shown to be the value of the steel and iron products as they are delivered to the project.
- (c) (1) A State may request a waiver of the provisions of this section if;
 - (i) The application of those provisions would be inconsistent with the public interest; or
 - (ii) Steel and iron materials/products are not produced in the United States in sufficient and reasonably available quantities which are of a satisfactory quality.
- (2) A request for waiver, accompanied by supporting information, must be submitted in writing to the Regional Federal Highway Administrator (RFHWA) through the FHWA Division Administrator. A request must be submitted sufficiently in advance of the need for the waiver in order to allow time for proper review and action on the request. The RFHWA will have approval authority on the request.
- (3) Requests for waivers may be made for specific projects, or for certain materials or products in specific geographic areas, or for combinations of both, depending on the circumstances.
- (4) The denial of the request by the RFHWA may be appealed by the State to the Federal Highway Administrator (Administrator), whose action on the request shall be considered administratively final.

Appendix B

- (5) A request for a waiver which involves nationwide public interest or availability issues or more than one FHWA region may be submitted by the RFHWA to the Administrator for action.
- (6) A request for waiver and an appeal from a denial of a request must include facts and justification to support the granting of the waiver. The FHWA response to a request or appeal will be in writing and made available to the public upon request. Any request for a nationwide waiver and FHWA's action on such a request may be published in the Federal Register for public comment.
- (7) In determining whether the waivers described in paragraph (c)(1) of this section will be granted, the FHWA will consider all appropriate factors including, but not limited to, cost, administrative burden, and delay that would be imposed if the provision were not waived.
- (d) Standard State and Federal-aid contract procedures may be used to assure compliance with the requirements of this section.

EQUAL EMPLOYMENT OPPORTUNITY CLAUSE

41 CFR 60-1.4(b) and 2 CFR Part 200 Appendix II (C)

41 CFR 60-1.4(a)

- (a) *Government contracts.* Except as otherwise provided, each contracting agency shall include the following equal opportunity clause contained in section 202 of the order in each of its Government contracts (and modifications thereof if not included in the original contract):

During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such actions shall include, but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (6) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further government

Appendix B

contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

- (7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *provided, however*, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

* * * * *

- (c) *Subcontracts. Each nonexempt prime contractor or subcontractor shall include the equal opportunity clause in each of its nonexempt subcontracts.*
- (d) *Incorporation by reference. The equal opportunity clause may be incorporated by reference in all Government contracts and subcontracts, including Government bills of lading, transportation requests, contracts for deposit of Government funds, and contracts for issuing and paying U.S. savings bonds and notes, and such other contracts and subcontracts as the Deputy Assistant Secretary may designate.*
- (e) *Incorporation by operation of the order. By operation of the order, the equal opportunity clause shall be considered to be a part of every contract and subcontract required by the order and the regulations in this part to include such a clause whether or not it is physically incorporated in such contracts and whether or not the contract between the agency and the contractor is written.*
- (f) *Adaptation of language. Such necessary changes in language may be made in the equal opportunity clause as shall be appropriate to identify properly the parties and their undertakings.*

2 CFR Part 200 Appendix II (C)

- (C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

USDOT DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REQUIREMENTS

49 CFR 26

- (a) Each financial assistance agreement you sign with a DOT operating administration (or a primary recipient) must include the following assurance:

The recipient shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts. The recipient's DBE program, as required by 49 CFR Part 26 and as approved by DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation, and failure to carry out its terms shall be

treated as a violation of this agreement. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.).

- (b) Each contract you sign with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include the following assurance:

The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.

SANCTIONS AND PENALTIES FOR BREACH OF CONTRACT

2 CFR Part 200 Appendix II (A)

- (A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

TERMINATION FOR CAUSE AND CONVENIENCE – 2 CFR PART 200 APPENDIX II (B)

- (B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

CFR Part 200 Appendix II (F)

- (F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

DEBARMENT AND SUSPENSION

2 CFR Part 200 Appendix II (I)

- (I) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1986 Comp., p. 189) and 12689 (3 CFR Part 1989 Comp., p. 235), “Debarment and Suspension.” The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

BYRD ANTI-LOBBYING AMENDMENT -

2 CFR Part 200 Appendix II (J)

Appendix B

- (J) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award of \$100,000 or more must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
