Minot Broadway Bridge to be reduced to one lane this week for bridge inspection

The Minot Broadway Bridge in downtown Minot will temporarily be reduced to one lane during the week of January 6 for a routine bridge inspection. The bridge inspection is expected to take approximately one week with intermittent reduction in lanes. Cleaning work will also be conducted on the bridge during this time.

During the inspection:

- A 12 ft. width restriction will be in place
- Motorists should expect delays during daylight hours

For more information on road closures, please go to www.dot.nd.gov or call 511.
