## **At-Grade Railroad crossing at Churchs Ferry temporarily closed for construction beginning May 28**

Construction will begin Wednesday, May 28, at the railroad crossing located on ND Hwy 281 in Churchs Ferry. During construction, the spur will be closed to through traffic. Motorists traveling in that area during construction will need to take an alternative route. The crossing project work will be done by BNSF railroad and roadwork will be completed by the North Dakota Department of Transportation. During the project the tracks will be raised and gravel work and paving will be done on the roadway.

### **During Construction**

- The spur will be closed to through traffic and motorists need to take an alternate route.

The spur and crossing will be closed until further notice
