SECTION 106 COORDINATION FORM

North Dakota Department of Transportation, Environmental & Transportation Services
SFN 62736 (9-2026)

Complete and email Section 106 Coordination form to the NDDOT Technical Support Person who will submit the form to dotsection106@nd.gov. Generally, this form is not needed for a Chip Seal, Seal Coats, Micro-surfacing, or Striping. However, it is required for sub-cuts, CPR's, or within city limits.

Part I. Project Details

Project Type ◯New Project ◯Re -Evaluation ◯Addendum	Project Control Number (PCN)	Project Number
Project Locations		
Work Types		
Surface Owner - List the agencies or entities who own or lease the land within the project area. For example: North Dakota Department of Transportation; private ownership; county; city, etc.		
NDDOT Tech Support	Project Manager	
Cultural Resource Sub-Consultant		

☐ 1. Check here, if proposed work activities will be conducted outside of the existing roadway foreslopes. (Including any temporary grading, construction access, or staging.)

☐ 2. Check here, if proposed work activities will be conducted outside of the existing right-of-way. (Temporary or permanent, including any temporary grading, construction access, or staging.)

The limits of construction for the project have potential for disturbances of how many feet outside the right-of-way? ____

☐ Check here, if a project area map is attached. Include an aerial close-up of the project footprint and approximately 1:1,000 - 1:5,000 scale, as well as an overview map showing the project in relation to the surrounding landmarks at approximately 1:24,0000- 1:100,000 scale.)

Describe and detail the proposed work, disturbance, and locations. Include distances from the centerline, types of disturbances, excavation areas and approximate depth, embankment work, widening, erosion repair, trenching, accesses, staging, temporary work area locations, etc.

☐ 3. Check here, if proposed work activities will be conducted on any structure. (If so, list details below:)

Structure Number	Year Built	Structure Type	Border Bridge	Proposed Work on Structure

☐ 4. Check here, if proposed work activities will be conducted within a town or city.

☐ 5. Check here, if proposed work activities will be conducted within or near a Historic District.

If Yes to 4 or 5, describe and detail the proposed work disturbance and locations withing the city, town, or historic district, including any street scaping items.

Typed Name of Preparer	Date

Email Section 106 Coordination form to the NDDOT Technical Support Person who will submit the form to dotsection106@nd.gov by clicking the Submit button below.

☐ The NDDOT Tech Support has verified the above information related to the scope and work and activities for the project action. Any project action scope change or revision (both adding or removing work) require an updated form to be submitted to continue coordination as it relates to Section 106 and Cultural Resources.

Part II. Cultural Resource Requirements

Excepted Project

Is the project excepted from further review and consultation as currently described and mapped? ◯ Yes ◯ No

Comments

If Yes to "Excepted Project" above, no further Section 106 activities are required. If No, to "Excepted Project" above, complete the following Area of Potential Effect and identification efforts that are needed for Section 106 consultation and compliance for the project Action.

Area of Potential Effect

☐ Right of Way Only ☐ Right of Way Plus Feet

☐ Other

☐ 1,200 feet along the roadway in both directions from the center of the bridge, and 300 feet on either side of the centerline (standard bridge Area of Potential Effect)

If Other, Describe and detail the appropriate Area of Potential Effect to be utilized for the project actions.

Identification Effects/Level of Effort - The appropriate Level of Effort based on the submitted information for the project action

☐ Class I ☐ Class II ☐ Class III ☐ TCS Required ☐ Other

If Other, Describe and detail the appropriate identification effort for the project actions.

Additional Requirements

Based on the description and detail of the information submitted by the Project Manager/NDDOT Tech Support in the scope of work and activities of the project action, the project will proceed as noted above regarding Section 106 and Cultural Resources.
