Lane Reductions Resume on I-94 Mandan-Bismarck Expressway Project

BISMARCK, N.D. – Three lane reductions will be put back into place today on the I-94 Mandan-Bismarck Expressway project so work can resume after a weekend snow storm forced crews to remove barriers to allow for snow removal.

Lane reductions will be put into place at the following locations:

• West bound Bismarck Expressway at Exit 156 interchange
• I-94 East and West bound at Mandan Ave/Refinery Exit 154

Work continues at the lane reduction that remained in place during the weekend on West bound I-94 at the Collins Ave Exit 153.

Weather permitting, all lane reductions will be removed on approximately Saturday, Oct. 19.

The North Dakota Department of Transportation (NDDOT) encourages local motorists, which include businesses and commuters, to plan ahead before traveling by checking for regular updates on construction progress on www.i94bisman.dot.nd.gov or I-94 Mandan/Bismarck Expressway Project on Facebook.
