I-94 Eastbound in Mandan near the Grant Marsh Bridge will be Reduced to One Lane

BISMARCK, N.D. – Beginning Tuesday, April 23 travelers using I-94 eastbound can expect traffic to be reduced to one lane for approximately 250 feet as they approach the west end of the Grant Marsh Bridge. One lane traffic near the bridge is expected to last approximately four weeks.

I-94 will be open to traffic at all times throughout this process, utilizing a combination of lane closures and head-to-head traffic. Width restrictions will be in place and the speed limit will be reduced to 45 mph or lower at times throughout the construction zone. Construction work is expected to be completed in late fall.

The North Dakota Department of Transportation (NDDOT) encourages local motorists, which include businesses and commuters, to plan ahead before traveling by checking for regular updates on construction progress on www.i94bisman.dot.nd.gov or I-94 Mandan/Bismarck Expressway Project on Facebook.
