Attachment: I-94 Interchange Head to Head Traffic Map

I-94 Interchange between Bismarck and Mandan to see Head to Head Traffic

BISMARCK, N.D. – As early as Wednesday afternoon travelers using the I-94 interchange to head southbound from exit 156 onto the Bismarck Expressway and travelers northbound on Bismarck Expressway to connect to I-94 should be prepared for traffic to be reduced to one lane (head to head) and reduced speeds until further notice. A map depicting the area effected is attached to this press release.

I-94 will be open to traffic at all times throughout this process, utilizing a combination of lane closures and head-to-head traffic. Width restrictions will be in place and the speed limit will be reduced to 45 mph or lower at times throughout the construction zone. Construction work is expected to be completed in late fall.

The North Dakota Department of Transportation (NDDOT) encourages local motorists, which include businesses and commuters, to plan ahead before traveling by checking for regular updates on construction progress on www.i94bisman.dot.nd.gov or I-94 Mandan/Bismarck Expressway Project on Facebook.
