Traffic moves to outside lanes on I-94 between Bismarck and Mandan

BISMARCK, N.D. – Traffic will shift to outside lanes on west bound I-94 today between Bismarck and Mandan from the Grant Marsh Bridge (near Exit 157) to Exit 155. The west bound three-lane section of traffic will remain open to two lanes of traffic as work is being conducted on the center lane. Drivers will still be able to use either Exit 155 or Exit 153 to enter Mandan. Drivers are reminded to use caution when merging and to follow posted speed limits at all times.

I-94 will be open to traffic at all times throughout this process, utilizing a combination of lane closures and head-to-head traffic. Width restrictions will be in place and the speed limit will be reduced to 45 mph or lower at times throughout the construction zone. Construction work is expected to be completed in late fall.

The North Dakota Department of Transportation (NDDOT) encourages local motorists, which include businesses and commuters, to plan ahead before traveling by checking for regular updates on construction progress on www.i94bisman.dot.nd.gov or I-94 Mandan/Bismarck Expressway Project on Facebook.
