**SUNDAY: Bismarck I-94 Westbound On-ramp from W Divide/Tyler Parkway (Exit 157)
Will Be Closed for 24 Hours**

BISMARCK, N.D. – On Sunday, August 27, the westbound on-ramp from W Divide / Tyler Parkway onto I-94 in Bismarck (Exit 157) will be closed for 24 hours. The ramp will be open no later than 6:30 a.m. on Monday, August 28. The ramp will be closed for repair and paving as part of the Bismarck-Mandan I-94 construction project. This is the only ramp scheduled to be closed throughout this entire project.

Construction work on I-94 is currently taking place from the Grant Marsh Bridge in Mandan to Exit 161 (Bismarck Expressway) in Bismarck.

During construction:

- I-94 will continue to be open to east and westbound traffic throughout the construction project, utilizing a combination of lane closures and head-to-head traffic.
- Twelve-foot width restrictions remain in place
- Speeds are reduced to 45 mph. Speeds may be reduced even further at times throughout the construction zone.
- Vehicles are encouraged to use the zipper merge technique to enter sections of lane reductions in this project. To zipper merge, use both open lanes until the orange cones direct traffic into a single lane. At that point, vehicles should take turns alternating into the lane reduction to move more traffic more efficiently through the construction zone.

Construction work is expected to be completed in late fall.

Regular updates on construction progress will be provided to the public throughout the construction project.
