Weekdays		Weekend (Sat & Sun)	
7 AM – 8:15 AM	Coordinated Operation	11 AM – 6 PM	Coordinated Operation
8:15 AM – 11 AM	FREE Operation		
11 AM – 6 PM	Coordinated Operation	6 AM – 11 AM	FREE Operation
6 PM – 7 AM	FREE Operation		

NOTES:

- FREE operation means the traffic signal detects traffic and acts as an isolated intersection.
- Coordinated operation means the traffic signal detects traffic, but always maxes out mainline green to get groups of vehicles through.
- Any replacement traffic signals will likely detect traffic, so they can operate FREE overnight - no more FLASH operation ever.
