

## **DOD - Installation Resilience Program**

***This is only a summary; applicants should not rely on it to meet application requirements. Study the full grant opportunity announcement before applying for any federal grant.***

**Program Description** – The Installation Resilience Program provides technical and financial assistance to state and local governments and U.S. territories to carry out off installation activities in planning, enhancing infrastructure, and implementing measures and projects that contribute to maintaining or improving military installation resilience and/or will prevent or mitigate encroachment. This is not for construction activities.

<b>Name</b> – Office of Local Defense Community Cooperation’s Installation Resilience program	<b>Agency</b> – DOD - Office Local Defense Community Cooperation	
<b>Available Funding:</b> Not specified. <b>Required Cost Share:</b> 10% non-federal	<b>Closing</b> – Nominations submitted by May 19, 2023 (email has updated date)	<b>No BCA Required</b>
<b>Eligibility:</b> States, counties, municipalities, other political subdivisions of a state, and tribal nations.	<b>Grantee Guide</b> (download link) – <a href="https://oldcc.gov/resource/compatible-use-and-installation-resilience-grantee-guide-508-compliant">https://oldcc.gov/resource/compatible-use-and-installation-resilience-grantee-guide-508-compliant</a>	

Installation Resilience refers to the capability of a military installation to avoid, prepare for, minimize the effect of, adapt to, and recover from extreme weather events or from anticipated or unanticipated impacts due to natural or man-made resiliency threats that do, or have potential to, adversely affect the military installation—inclusive of functions or operations outside of the military installation that are necessary in order to maintain, improve, or rapidly reestablish installation mission assurance and mission-essential functions.

The two primary ways an installation can be nominated for a project, through a Military Department, or a community self-nomination. Once it is determined that the nomination is eligible and valid for grant consideration, the applicant, with support from the installation, are invited to “officially” apply for the grant.

A state or community should submit a self-nomination to the Program Activity Lead that may include the following details:

- Point of Contact;
- Description of actual/potential compatibility or resilience issue;
- A description of the proposed project,
- A description of the anticipated role of the installation(s) in the plan and concurrence with the proposal.

You can self-nominate for an Installation Resilience project by following [this process, as outlined on the Office Local Defense Community Cooperation website](#).

**Installation Resilience Program nominations should include** (Letter requesting nominations):

- 1) a description of how the installation is collaborating with local communities on planning for climate resilience;
- 2) a prioritization of any locations with mission assurance implications;
- 3) the status of any related infrastructure or resilience plans for each installation being nominated;
- 4) the fiscal year needed (FY 2023-2027); and
- 5) specific resilience issues that need to be addressed in the community.

**Nomination Review and Determination** (Pgs 12-13): A Project Manager is assigned and drafts a Project Directive to be approved. If approved an on-site or virtual visit is completed to make the determination to proceed with the project or not. If the project is approved to proceed then the Project Manager helps the applicant with writing the grant.

**The Grant Narrative Requirements Are** (Pgs 19 –23):

Key Personnel, Contractor Services, Sub Recipient, Grant Deliverables, Geospatial Data is a required deliverable for the Office of Local Defense Community Cooperation, Work Plan, Executive Summary Brochures, Goals related to the Office of Local Defense Community Cooperation mission, CAGE Code, Grant Introduction/Background, Need for Assistance, Grant Abstract, Approach and Timeline, Scope of Work/Work Program, Budget/Budget worksheet, Assurances and Certifications
