SPECIAL ROAD FUND PROJECT APPLICATIONS

The North Dakota Department of Transportation (NDDOT) is accepting applications for Special Road Fund (SRF) projects.

SRF projects are limited to roads that provide access to and/or are within recreational, tourist, and historical areas. The intent of this program is to help finance highway projects identified by political subdivisions and state agencies which typically have some funding but need additional help. We are soliciting counties, cities, and state agencies to identify projects of this nature.

We are now soliciting applications for projects that will be built in 2025 or 2026. Applications are to be submitted by November 30, 2024, to the NDDOT Local Government Division. It is anticipated that the Special Road Fund Advisory Committee will meet in early 2025 to review the applications and select projects for funding.

If you have any agencies within your jurisdiction such as park boards, historical societies, townships, etc., please advise them of this program. Depending upon the proposed project's location, the application must be sponsored by a county, city, or state agency.

To learn more about SRF, including guidelines and instructions, go to the NDDOT web page at [Special Road Fund Program | NDDOT](#).

If you have questions or need assistance with the application process, please contact Pam Wenger, Local Government Division, at (701) 328-4787 or pwenger@nd.gov.
